

REMARKS

An Abstract has been added as required.

The new claims are added to conform to US practice and to eliminate multiple dependent claims. The amendment does not add any new matter, but is merely formal in nature to place the application into better form for examination.

“Replacement Sheets” including Figs. 1-5 are enclosed. Applicants note that PCT/EP2004/053689 only included Figs. 1-4, but German priority application DE 103 60 898.2, filed December 23, 2003, included Figs. 1-5. The drawings in the “Replacement Sheets” are the drawings from the German priority application which are of better quality and do not omit Fig. 5. No new matter has been entered. If the Examiner has any questions regarding this amendment, the Examiner is requested to contact the undersigned.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'Craig J. Loest', with a stylized flourish at the end.
